

# Bottle filler with silver powder-coated finish & pedestal, freeze-resistant

**Haws®**

## FEATURES & BENEFITS

### PUSH BUTTON

Polished chrome-plated push-button requires less than 5 lbs. (2.7 kg) of push force to activate.

### FREEZE-RESISTANT VALVE

Fully engineered system with the pneumatic-operated, freeze-resistant valve mounted in a cabinet that is installed on the inside wall where room temperature does not drop below 50° F (10° C). When valve goes to off position, water left in supply line between valve and bubbler drains back into waste inside cabinet, protecting the unit from freezing, and allowing fountain to function year-round.

### BARRIER-FREE

Barrier-free capabilities combined with its ease of use allows for a number of installation location possibilities.

## OPTIONS

- ❑ Mounting System: Model MTG.3501, galvanized steel anchors.
- ❑ Dog Bowl, Freeze Resistant ODBF: Model 3670FR, freeze-resistant dog bowl for the 3600 series modular outdoor pedestals. Available in three standard colors - order 3670FR-01 silver, 3670FR-02 blue, and 3670FR-03 green.
- ❑ Drinking Fountain, Freeze Resistant ODBF: Model 3680FR, freeze-resistant drinking fountain for the 3600 series modular outdoor pedestals. Available in three standard colors - order 3680FR-01 silver, 3680FR-02 blue, and 3680FR-03 green.

## SPECIFICATIONS

Model 3630FR modular outdoor, barrier-free, freeze-resistant pedestal bottle filler shall include a 3/16" phosphated steel pedestal with silver powder-coating, three bottle filling stations, large-opening bottle filler with quick-fill 1 gpm flow rate, fully engineered pneumatic valve assemblies, 100% lead-free waterways, polished chrome-plated vandal-resistant waste strainers, vandal-resistant access plates, integral mounting feet, and 1-1/2" slip waste. REQUIRES MODELS 6518.2FR and 6518FR PRICED SEPARATELY.

## APPLICATIONS

The 3630FR offers a solution for the changing needs of outdoor settings as well as outdoor wheelchair access, appealing to all users through accessibility and safety. This bottle filler is ideal in areas such as parks, schools, and other outdoor areas where hydration facilities are needed. Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act, and complies with Prop 65. Certified by CSA to NSF/ANSI 61, section 9 and NSF/ANSI 372; and was evaluated to be compliant to US and Canada Plumbing Codes including Uniform Plumbing Code (UPC), International Plumbing Code (IPC) and National Plumbing Code of Canada (NPC).
